About Lonza

Lonza is one of the world's leading and most-trusted suppliers to the pharmaceutical, biotech and specialty ingredients markets. We harness science and technology to create products that support safer and healthier living and that enhance the overall quality of life.

Not only are we a custom manufacturer and developer, Lonza also offers services and products ranging from active pharmaceutical ingredients and stem-cell therapies to drinking water sanitizers, from the vitamin B3 compounds and organic personal care ingredients to agricultural products, and from industrial preservatives to microbial control solutions that combat dangerous viruses, bacteria and other pathogens.

Founded in 1897 in the Swiss Alps, Lonza today is a well-respected global company with more than 40 major manufacturing and R&D facilities and approximately 9,800 full-time employees worldwide. The company generated sales of about CHF 3.8 billion in 2015 and is organized into two market-focused segments: Pharma&Biotech and Specialty Ingredients.

Company Description

Lonza is the global leader in microbial control with the broadest portfolio of active ingredients and registered formulated products. We have market-leadership positions in water treatment, materials protection, hygiene, personal care and wood treatment with strong offerings in performance products. We offer unmatched expertise in navigating the complex global regulatory environments.

Innovation

Lonza is committed to investing in innovative solutions that meet our customers' current and future needs. Our global network of R&D resources includes a 65,000 sq. ft. innovation and Technology center in Alpharetta, GA, USA - an unmatched investment which will provide solutions to our customers today, and for years to come.

Additional technology and customer support facilities are located in the U.S., Brazil, the EU, Japan, Singapore, China, South Africa, Australia, India and New Zealand.

We offer global formulations capabilities which are tailored for our customers' unique local market needs.

Sustainability

Lonza is committed to being a good corporate citizen and to operating in a safe and environmentally sound manner.

With our broad global regulatory expertise and world-class toxicology and analytical chemistry skills, we offer our customers solutions that contribute to the sustainability of their own products and services.

Lonza's Materials Protection Business

Lonza's Materials Protection business supplies antimicrobial actives and additives for paints, coatings, building materials, plastics, marine antifouling paints, emulsions, textiles and metalworking. This business offers regulatory and toxicology expertise, and its extensive global infrastructure enables it to ensure continuity of supply, technical support and expert service to customers wherever they do business around the world.
